- Revenues of \$762.0 million
- Gross Margin at 17.0%
- EBITDA<sup>(2)</sup> amounted to \$68.1 million
- Net Earnings amounted to \$23.9 million

**VANCOUVER, Canada** – May 8, 2026 – Doman Building Materials Group Ltd. (“Doman” or “the Company”) (TSX:DBM) announced today its first quarter 2026 financial results<sup>(1)</sup> for the period ended March 31, 2026.

For the three-month period ended March 31, 2026<sup>(1)</sup>, consolidated revenues totaled \$762.0 million, compared to \$793.2 million in 2025, largely due to the impact of decreases in pricing on a year-over-year basis across certain construction materials categories. The Company’s sales by product group in the period were made up of 83% construction materials, with the remaining balance resulting from specialty and allied products of 14%, and other sources of 3%.

Gross margin dollars amounted to \$129.5 million in 2026, versus \$132.5 million in 2025. Gross margin percentage increased to 17.0% during the quarter, when compared to 16.7% in 2025.

EBITDA<sup>(2)</sup> amounted to \$68.1 million, compared to EBITDA of \$70.0 million. Net earnings for the three-month period ended March 31, 2026, were \$23.9 million versus \$23.6 million in the comparative period in 2025.

The Company declared a \$0.14 per share<sup>(4)</sup> dividend, which was paid on April 15, 2026, to shareholders of record at the close of business on March 31, 2026.

“Despite year-over-year lower pricing for SPF, OSB and plywood product categories, I am pleased with our top-line performance, while our focus on cost management allowed us to deliver strong gross margin and ultimately a good start to the year at the EBITDA and net earnings lines,” commented Amar S. Doman, Chairman of the Board. “While we saw some stability in pricing in the US in the first quarter, the overall picture driven by macro trends remains volatile, and uncertainty exists moving forward into 2026.”

<sup>(1)</sup> Please refer to our Q1 2026 MD&A and Financial Statements for further information. Our Q1 2026 Financial Statements filings are reported under International Financial Reporting Standards (“IFRS”).

<sup>(2)</sup> In the discussion, reference is made to EBITDA, which represents earnings from continuing operations before interest, including amortization of deferred financing costs, provision for income taxes, depreciation, and amortization. This is not a generally accepted earnings measure under IFRS and does not have a standardized meaning under IFRS, and therefore the measure as calculated by Doman may not be comparable to similarly titled measures reported by other companies. EBITDA is presented as we believe it is a useful indicator of a company’s ability to meet debt service and capital expenditure requirements and because we interpret trends in EBITDA as an indicator of relative operating performance. EBITDA should not be considered by an investor as an alternative to net earnings or cash flows as determined in accordance with IFRS. For a reconciliation of EBITDA to the most directly comparable measures calculated in accordance with IFRS refer to “Reconciliation of Net Earnings to Earnings before Interest, Tax, Depreciation and Amortization (EBITDA) and Adjusted EBITDA”.

<sup>(4)</sup> On March 13, 2026, Doman declared a quarterly dividend of \$0.14 per share, which was paid on April 15, 2026, to shareholders of record on March 31, 2026. Please refer to our Q1 2026 MD&A and Financial Statements for more information.
