

Surround™ CA

BUILDING WRAP

READY FOR ANYTHING THE CANADIAN CLIMATE THROWS ITS WAY.

DOMAN Surround™ CA building wrap is specially manufactured to handle the challenges of the Canadian weather no matter what the conditions—and to outperform the competition in tear strength, breathability, and beyond.

Surround™ CA BUILDING WRAP

MADE FOR CANADA. READY FOR IT ALL.

From the trusted leader in tough, high-performance weather protection comes a wrap created to do one thing: give you peace of mind for defending homes in an unforgiving climate. We've used our long history of innovation and leadership in Canada to create DOMAN Surround™ CA building wrap—not just to meet code above the 49th parallel, but to outperform the leading competition. Compared head-to-head, DOMAN Surround™ CA HouseWrap delivers over three times the tear strength and 50% longer UV resistance. Plus, check out our numbers on holdout, breathability, and more. You'll see there are zero reasons to trust your homes to any other name.

LEADING FEATURES AND BENEFITS:

- High resistance to tearing and ripping
- Blocks outside air and water infiltration
- Allows inside moisture to safely escape
- Provides protection from UV rays
- Stands up to surfactant damage, unlike the competition
- 5-year limited product and labour warranty*
- Made and backed by an industry leader in housewrap solutions and distributed by DOMAN Building Materials
