Ultralight Primed MDF

CanWel's Ultralight MDF Moulding is the perfect decorative element to enhance any room and convey a sense of style. The uniform and defect-free surface delivers an exceptionally smooth finish. Our Ultralight MDF Moulding is remarkably easy to work with and easier to handle and install compared to other standard-weight MDF mouldings.

As a dimensionally stable engineered product, it won't warp, split or twist.

- Lightweight material for easier handling and fast installation
- Durable, smooth finish that is ready to paint
- Dimensionally stable, engineered wood product
- Made from certified and recycled wood materials
- Barcode labels according to ANSI Grade C
